

# PASA EMAIL POLICY

If you are a PASA member, we *need* your current email address. Given the size of our club and its absurdly low membership fee, we cannot afford the cost of postage and copying to postal-mail club announcements and information to all members on an individual basis. But it costs nothing to send club news by email.

We realize that in today's world, many people are as cautious with their email addresses as they are with their social security numbers or credit card numbers.

So here is PASA Park's IRONCLAD email policy:

1. We do **NOT** forward emails. We do **not** forward political messages. We do **not** forward "interesting items." We do **not** forward humor. We do not forward ***anything***.
2. We send emails **ONLY** about PASA Park events, schedules, activities, and items of direct relevance to PASA club affairs.
3. We do **NOT** release members' email addresses. To anybody. ***Ever!***
4. When we send general email announcements to the PASA membership, they are always sent "blind copy," so no recipient's email address can be seen by any other recipient.

**Please** send us your current email address. **Please** tell us if your email address changes. And **please** urge all your fellow members to supply their club with an email address. Send to: [pasainfo@pasapark.com](mailto:pasainfo@pasapark.com).

Thanks, folks. The whole point is to communicate without further raising dues.
